

Taxpayers foot bill for climate change campaigners

2010-01-20 10:39:33 by webmaster

19 Jan 2010

BRUSSELS bureaucrats gave climate change groups more than £1.5million of taxpayers' money last year to promote the theory that human activity is causing global warming, it emerged yesterday.

The payouts came to light after questions by **UKIP Euro MP Godfrey Bloom**. He said the cash was perpetuating unfounded claims about global warming.
