

July to December 2009

1. Parliamentary Assistance Allowance

This allowance is for payment to Employees, Self Employed Service Providers and Accredited Assistants who support the work of the MEP. Any part of this allowance not used remains in the EU budget.

Contracts for all are lodged for approval with the Parliament and held by them. The Parliament makes the payment for employees to the Paying Agent, who deduct income tax and national insurance before making the net payment to the employee. Self employed service providers have to provide invoices for approval firstly by the Paying Agent and then the Parliament, who makes the payment directly to them. Any staff based in Brussels are known as accredited assistants and are paid direct by the Parliament. At no time in any of these cases does any money go into the MEPs bank account.

Position	Full or Part time	Where based
MEP'S Accredited Assistant	Full Time	Brussels

Family Members paid - None

Name of Paying Agent

Not Applicable

2. General Expenditure Allowance

This allowance covers the cost of carrying out the duties of an MEP not covered by other allowances, including running an office and associated expenditure. All costs incurred meet the published Parliamentary rules.
